Dividable Grid Containers

Heavy-duty Dividable Grid Containers can be used in industrial, commercial, electronic and health care industries for storage, assembly, fabrication and distribution applications. These containers offer the safest and most efficient method for compartmentalizing and protecting small to medium sized parts. Dividers allow you to customize the container's interior to meet your exact needs. Containers and covers are available in 4 colors.

Modular Trays

Heavy-duty 18" x 26" white trays are NSF approved and can be used in any application. Perimeter ends are reinforced for additional strength. 20" x 26" size offers a deep stacking tray. Both tray sizes are available in ESD material complying to ANSI/ESD standards for the use in PC board assembly and handling. All trays are manufactured from fiberglass reinforced thermoset material, allowing up to 200 lb. weight capacity when evenly distributed. Quantum's modular trays will withstand temperatures of -40°F to +350°F. 18" x 26" Trays available in White and ESD, 20" x 26" Trays are available in Gray, White and ESD.

11 SIZES AVAILABLE

Conductive Dividable Grid Containers

Protect your electronic components from typical electromagnetic interference (EMI), electrostatic or induced fields with these molded, carbon-filled, copolymer polypropylene divisible grid containers. Surface resistivity is less than 10^5 Ohms-per square. The conductive material provides a barrier which these fields cannot penetrate and prevents the build-up of electrostatic charge. Containers, dividers and covers are permanently conductive and are unaffected by washing with normal cleaners. Containers have a load capacity of up to 100 lb. Dividers available to customize your box into compartments at 1-1/8" intervals and snap covers protect contents from dust or damage. Be sure all bins are properly grounded according to your use.

Conductive Label Holders

Dividers can be customized for optimal storage (Sold separately)

snh010

All nine sizes of totes have ability to use our optional 3" x 5" clear label holder. It securely attaches to tote with or without lid for easy part identification.

AL-35

3" x 5" Clear Adhesive Label Holder and Inserts attaches securely to container for easy part identification. Package of 24.

Optional lid snaps on tightly and securely to protect container contents. As pictured, lids can be fastened and locked for added security.

stack and nest totes PERFORMANCE FEATURES:

- Available in 9 sizes
- Standard colors: Blue, Gray, Red and Clear
- Totes are injection molded from high-density polypropylene material and are manufactured from FDA and USDA approved materials
- stack and nest totes will not corrode, bend out of shape, are unaffected by chemicals and are waterproof
- Reusable container will stack with or without lids for maximum storage and shipping
- snt's have the unique ability to stack or they can be turned 180° to nest when empty saving valuable space
- Optional lids for totes can be secured with nylon ties
- Textured bottoms ensure safe and easy, non-slip grip in transit on conveyors

QuanTub Nesting Tote

Manufactured of approved USDA/FDA materials, this tote is ideal in food service and storage and general product handling. Strong and durable tote is injection molded from high-density polypropylene. Each tote can hold up to 100 lbs. Tote is easy to clean. Rolled top rim for comfortable grip. Rounded corners add strength to stress points. Totes nest when empty and prevent jamming with rib top. 1/4" drill hole pattern on bottom of bin allows for easy hole insertion for optional air flow and drainage.

Stackers - Heavy-Duty Straight Wall Stacking Container

Heavy-duty, straight wall containers maximize your space when used for shipping, storage or work-in progress. Greater strength and durability provided by reinforced corners allowing this strong container to hold the heaviest of parts. Containers are injection molded from high-density polyethylene. Straight wall design allows for modular stacking of all sizes on standard pallets. Hand grips on two sides make the container easy to handle and carry. Up to 175 lb. stack capacity.

Heavy-Duty Attached Top Containers - Perfect for distribution and supply centers

Strong, reliable and reusable totes are ideal for storage, distribution and order picking. Tops are permanently attached with hinges that interlock for stacking strength and security. Stack for maximized storage and nest when empty. Textured, non-slip bottom ensures smooth conveying. Ergonomically designed handles allow for easy lifting. Recessed lids ensure maximum load stability. Padlock eye provides security option allowing lids to be fastened and/or locked. Molded from high density, FDA approved polyethylene. Lids close securely to protect parts from dust or damage.
